

## New releases from Tuscany

16 Apr 2010 by Walter Speller

It's not just Bordeaux that presents its latest vintage for assessment, although the Tuscans take a little more time about it. While I went off to taste 2009s in Bordeaux on behalf of Purple pages, Walter Speller immersed himself in the recent presentations of 2008s and 2007s (with the odd 2006) in Tuscany for our benefit. Here is a guide to our coverage.
